

## **Final Changes of Application**

- 1.** Profile picture can't be changed in Apk, see what's bothering.
- 2.** After opening Any test module in Admin panel to upload Question, Not responding, Chapter NCERT line by line Question not responding,
- 3.** Dark mode issues in Subscription module, Study Planner, About us, FAQ, Notes Chapters, Mock test Modules, admin panel.
- 4.** Their should be a pop up notification to encourage users for solving Daily Questions to maintain Streaks on Home page instantly after login.
- 5.** While opening Apk there is an opening page “ Enamel” ELEVATE YOUR LEARNING, Change that lines with “ ENAMEL “ Har din Thoda Behtar, and the color of the page is too irrelevant make it similar to colour palates applied in Apk.
- 6.** Change subscription information with provided Data.
- 7.** Need of instruction page for every available test module, similar like full syllabus test.
- 8.** Chapter Questions (PYQ,MCQ,NCERT) are continuously getting scrolled without counting right Answers. They supposed to be worked properly.
- 9.** My Activity section isn't showing completed progress even after exploring the chapters and Questions, Attendance on my activity is always remains Ok, never changes. See what is the issue.
- 10.** My Activity and Daily Streaks Questions are under review from our side, we'll notify you after any irrelevant thing appears,
- 11.** Study Planner needs any dismiss button to delete the previous strategy from the planner manually by user after completion
- 12.** Menu bar with Home,Test,Premium,Planner,Chill buttons has alignment issue.
- 13.** The Logo of Apk on phone screen is irrelevant, needs to be improved.
- 14.** The slider carousel is failing to update, occurring error.
- 15.** After sharing Meme to whatsapp, or any other app its showing Arkraz technology name, Update it with Enamel App.
